Since before the United States entered World War II, the USO (United Service Organizations) has been a bridge between the American people and the U.S. military. In times of peace and war, the USO has consistently delivered its special brand of comfort, morale and recreational services to service members and their families. A nonprofit, congressionally chartered, private organization, the USO relies on the generosity of individuals, organizations and corporations to support USO activities. The USO is not part of the U.S. Government but is endorsed by the President of the United States and the Department of Defense. Each President has been the Honorary Chairman of the USO since its inception.

The USO mission is to provide morale, welfare and recreation-type services to our men and women in uniform. The original intent of Congress - and enduring style of USO delivery - is to represent the American people by extending a touch of home to the military.

The USO currently operates 125 centers around the world, including six mobile canteens, with 71 located in the continental United States, three in the Caribbean and 51 overseas. Overseas centers are located in Germany, Italy, France, the United Arab Emirates, Bahrain, Iceland, Bosnia, Japan, Qatar, Korea, Kuwait and the U.S. Virgin Islands. Service members and their families visit USO centers more than 5 million times each year.
